

Dear students,

Here are the tasks for the next two weeks (week 9: 1st June - 5th June and week 10: 8th June- 12th June)

1.

Presentation

Please finish your presentation about your favorite job. Since this week is rather short, you'll get more time next week. However, the presentations are due by **5 pm on Friday, 12th June 2020**. The ones who have already sent me their presentations please revise (überarbeiten) them with the help of the following **tips**. I have already seen great results. Still, it's important for everyone to check these points again:

Remember to include the following topics (tips!):

- **title of the job in English and German**
- **required qualifications (you can use German words here) - Which degree („Schulabschluss“) do you need?**
- **personal requirements - What skills and competences do you need to be good at that job?**
- **salary - How much money do you earn in this job?**
- **job activities! Describe working routines and regular working tasks. - Which job duties and job responsibilities do you have in this job?**
- ***Extra task: Create your own quiz for your fellow students by adding 2 - 4 questions about your chosen job at the end of your presentation.**
- **—> You are very welcome to add pictures and more categories. Don't forget a table of contents (Inhaltsverzeichnis) and an ending (Schluss) as well as to cite your sources (Quellenangabe) . Your presentation should be about 10 slides (it's okay to have a few slides more or less) . If you can't do a powerpoint presentation you are welcome to create a word file / DOC or PDF document (with a structure and headlines of course).**

<p>2.</p> <p>I can monitor your activity in the app.</p>	<p>IMPORTANT:</p> <p>Join our Quizlet group and learn the vocabularies.
